## ICP Co-Presidents Message

by Drs. David Bartlett and Xinquan Jiang

Dear colleagues:

We hope you are keeping well and making plans to join us at ICP in Shanghai or if you cannot make that the London meeting. We deliberated for a long time on where was best to meet and we are keeping China as our main official biennial meeting site, but we sadly recognised that for some the travel might be difficult. For that reason, we set up a satellite meeting in London from the August 31-September 2, 2023. The Shanghai meeting are October 14-17, 2023.

We don't expect everyone to be able to attend both, but we have given a choice. To have two venues was never our plan but please accept our apologies for this compromise. We hope both meetings are successful.

The plans for both locations are well under way. For China, the theme is Innovation and Trends in Prosthetic Dentistry. We are excited to have a stellar speaker line up that represents established leaders in prosthodontics as well as future legends who are transforming prosthodontics around the globe.

## June 2023 ICP Newsletter

### In this issue...

- ICP Co-Presidents Message (1)
- yMPE 2023 Update (2)
- New ACOM Member (3)
- ICP 2023 Board of Councilors Nominees (3)
- Welcome New Members (5)
- ICP 2023 London Symposium (6)
- ICP 2023 Biennial Meeting – Shanghai, China (9)

We have ICP board members including David Bartlett from UK, David Felton from US, Kazuyoshi Baba from Japan, Limor Aviv-i Arbor from Canada, Kung-Rock Kwon from Korea, Carlos Parra from Chile, Arzu Tezvergil-Mutluay from Finland have confirmed to attend and give speeches. Foreign colleagues and friends will give talks including Sreenivas Koka and Carlos Ercoli from US, Hiroshi Egusa from Japan, Murali Srinivasan from Switzerland, Adrien Naveau from France, Mark Gervais from Australia, Raelene Sambrook from the UK as well as our noted Chinese prosthodontic specialists. Several past presidents will also join us. Our conference center is located on the famous Huangpu River in Shanghai's vibrant Lujiazui Financial District, directly opposite the Historical Bund.

For London the theme is Prosthodontics on Pathways to Healthy Ageing. We have some local big names to speak to, including Harold Preiskel on his lifetime of learning. Terry Walton and Danielle Layton from Australia and Charlie Goodacre, Kenny Malament and Tom Taylor from the USA. Other past presidents include Nico Creugers and Nicola Zitzmann. Our location is at Kings College in the heart of London.

Who would have thought when agreed to be Presidents that COVID would strike, we would lose our last in person biennial meeting and have to compromise with this year's. But it shows we are adaptable and will respond when needed.

We both look forward to seeing you later in the year.  
Sincerely,

David and Xinquan ■

## yMPE Workshop

Again, in Tokyo, the second edition of the Young Maxillofacial Prosthetic Educators workshop took place and was held March 7-10, 2023, at the Tokyo Medical and Dental University (TMDU)

It was hosted by the International Faculty Development Course (IFDC) and organized by the Maxillofacial Prosthetics team of TMDU. The workshop was supported by an education grant funded by the Education and Research Foundation of the International College of Prosthodontists (ICP) and sponsored by the International Journal of Maxillofacial Prosthetics (IJMP).■

# Advisory Council of Organizational Members (ACOM)

Welcome to the ICP The Argentine Prosthodontic Association, member of the ASOCIACIÓN ODONTOLÓGICA ARGENTINA (Argentine Dental Association), our latest Organizational Member, congratulations for becoming part of our family. We are looking forward to meeting in person soon at our next face to face meeting.

For further information contact Carlos Parra, chair of professional relations committee and ACOM (Advisory Council of Organizational Members) [carlos.parra@unab.cl](mailto:carlos.parra@unab.cl)

## Argentine Prosthodontic Association (APA)

The Argentine Prosthodontic Association, member of the ASOCIACIÓN ODONTOLÓGICA ARGENTINA (Argentine Dental Association), created in 1960 by a group of professionals who understood that constant training was the best way to exercise responsibly; The idea was to nurture and generate a network of professionals' eagerness to implement new techniques in their offices and that will raise the quality of care and innovation.

Today, APA continues to be promoted by a group of dentists who work with constant dedication to research and update on comprehensive oral rehabilitation throughout the country with different options in through conferences, congresses, courses, and training, as well as multiple tools for its members.

The objective of APA is to spread the knowledge of actual and leading-edge prosthodontics at a global level, in person at the beginning; but, understanding the current times, offering more and more virtual options.

For all this, it currently has an online video library with the most recognized topics and professionals in dentistry for permanent consultations 24 hours a day, 365 days a year from anywhere in the world.

APA, it has been training the dental community in Argentina for more than 63 years, a rich history that is just beginning. ■

# 2023 ICP Shanghai Overview

## Welcome to the ICP Shanghai

ICP Shanghai 2023 is a highly significant academic conference, marking a pivotal event since the global pandemic. This conference provides an exceptional opportunity for engaging in direct in-person interactions with esteemed international specialists in the field of prosthodontics while offering the privilege to attend lectures delivered by prominent figures within this domain.

Scheduled to take place from the 14th to the 17th of October 2023, ICP Shanghai 2023 serves as the central venue for the 20th ICP conference. The conference program spans four days, commencing on Saturday and concluding on Tuesday. Each day will feature presentations delivered by specially invited speakers, which will be followed by interactive Q&A sessions. The program will also incorporate a Poster Session, a welcome reception, a president reception, the ICP business meeting, and a gala banquet.

Shanghai, the beautiful dynamic city of China is renowned for its enriched diverse cultures, histories, and commercial developments. Due to its geological advantage in central China and the well-preserved historical developments, Shanghai has become China's gateway to the world for foreign investments and international affairs, as well as been chosen to be the host city of World Expo 2010. Overall, Shanghai represents the fusion of traditional and modern China.

Shanghai is comprised of two areas divided by the Huangpu River. The older town on the west bank is known as Puxi, while the rising new district on the east is the Pudong New District. These two areas of Shanghai are well-integrated, providing Shanghai with a traditional Chinese ambience but also has her unique foreign flair that no other China city can compare to. The erected skyscrapers, bustling traffic, fast-paced lifestyle, and glamorous night activities continually draw people to this booming city. Shanghai is an excellent city whether you are here for business or leisure. The contemporary Oriental Pearl TV Tower, beautiful Yuyuan Garden, vivid Huaihai Road and Nanjing Road plus many other Shanghai spots will assure you a memorable Shanghai travel.

### Conference Site:

Nestled within the vibrant financial district of Lujiazui, in a prime location at the very heart of modern Shanghai's commercial hub, Pudong Shangri-La, Shanghai, is directly opposite the historical Bund, offering breathtaking views of the Huangpu River and Shanghai's magnificent skyline.

Address : No.33 Fucheng Road, Pudong District

To Shanghai Railway Station : 8km, 30mins'drive

To Shanghai Hongqiao Railway Station & Hongqiao Airport : 26km, 50mins'drive

To Shanghai Pudong Airport : 41km, 60mins' drive

Click here to view the [SHANGHAI INVITED SPEAKERS](#)

# 2023 ICP Shanghai Overview Continued

## Accommodations

We have a room block reserved at Pudong Shangri-La for ICP conference attendees.

Pudong Shangri-La Hotel

33 Fu Cheng Lu, Pudong, Shanghai 200120, China

**A dedicated link for guestrooms will be posted to the ICP conference website shortly.**

## Accommodation & Banquet

All rooms look out onto breathtaking views of the historical Bund, the Huangpu River or Pudong's ever-changing skyline.

## The conference topics includes:

Digital Technology/Artificial Intelligence.

Multidisciplinary Therapy.

Maxillofacial Reconstruction/Occlusion.

Advanced Biomaterials/Biology.

Esthetic Dentistry/Implant Prosthodontics.

ICP Graduate Student Case Presentations.

## Social outings:

The conference offers social outing opportunities for delegates to experience a wonderful tour visit of Shanghai while attending the conference. There are three route options detailed below:

### Route One: Shanghai Half Day Tour

October 17, 2023, 4-hour afternoon tour

Beginning with a visit to the Yuyuan Garden, a classic creation of the Ming Dynasty, and the old street of Shanghai, originated in the Qing Dynasty. Followed by the tour to the Bund, well known as the International Architecture Exhibition of the west side. Then visit to the Former French Concession in the coach and the last stop of the tour will be Xin Tian Di, the old fashion architecture style of Shanghai stone gate neighbors with the newly renovated nightlife district with many boutiques, pubs and restaurants.

# 2023 ICP Shanghai Overview Continued

## Route Two: Suzhou One Day Visit

Date: on October 18, 8 hours

Suzhou is located near the east shore of lake Taihu where the Grand Canal joins the Yangtze River. It is surrounded by more than 20 lakes and is called “Venice of China”.

# 2023 ICP Shanghai Overview Continued

It was once the capital of the State of Wu during the late Autumn & Spring Period more than 2500 years ago. Suzhou is a place of great beauty. It has been known since ancient times together with Hangzhou as “the paradise on the earth”. Within this trip, you will be led to the Tiger Hill, Suzhou Museum, Master of Nets Garden, Silk factory, Panmen Ancient City Wall and Grand Canal.

## Route Three: Suzhou and Zhouzhuang Visit

Date: from 17 October to 18 October, 1.5 days visit

Zhouzhuang is about 1 hour drive from Shanghai and is well known for its beautiful natural environment and simple architecture. This city has remained remarkably well-preserved for over 900 years. The majority of the town’s residences were built during the Ming and Qing dynasties; nearly 100 classic courtyards and 60 carved-brick archways from those periods are still in use!

Founded around 600 BC, Suzhou is one of the oldest settlements in the Yangtze basin. Often referred to as the “Venice of the East,” its neighborhoods and interconnected waterways are truly a masterpiece. Suzhou was one of the few cities in China to escape the ravages of the Cultural Revolution, its celebrated gardens miraculously surviving largely intact. Visit the Master of Nets Garden, Suzhou Museum, Panmen Ancient City Wall, Grand Canal, and a silk factory while in Suzhou.
